I have been wanting a new pack of cards for a long time , and this did not disappoint. (Ignore the low play-time, I use Mitos.is for this one)

Great game! Had lots of fun.. Too fiddly and frustrating to prove enjoyable.. A must-have for any Shelter\Meadow fan. The art style of these games is amazing and the Meadow skins are very cute and creative, I love it! It\u00b4s clear that the Might and Delight team put their hearts and souls into these games and content. :D :steamhappy:. Intersting style of game. Did enjoy and would like to see if this goes further.

Darthy is Addicting! Evil! Awesome! Totally recommend, this game is amazing! Gameplay video below!

<https://www.youtube.com/watch?v=qvqSaqRzLfU>. Nice gear/costume pack.

[The FR-27 Sanction Flechette rifle is awesome!. After some update I can no longer move in the game. Saw in the discussions that another person had the same issue and there has been no response to the issue. I went a head and asked if that person ever figured it out or found a solution. They have not and apparently the people in charge of this game have abandoned it. At least, that's the impression that I got when there has been no response in this time frame.. The UI and controls aren't very good, which made me refund the game. None of the controls are rebindable either, which is ridiculous. It's needs more time. This game SCREAMS for proper controller support also, which it currently doesn't have.. poppo po po. Dirt 2 is great, I was a little miffed by the price but the content so far has been amazing & I'm very much looking forward to the return of Wales, Greece and Finland wouldn't go a miss either :\) :\) nudge nudge codies.. its A GUD GAMER REELY](#)

[. I love this game so much. It's multiplayer John Woo\u2665\u2665\u2665\u2665\u2665 Try punching while doing a slow motion bullet time dive. That's stylish action.. Has potential to be the american version of my summer car. Only real issues right now are very bouncy cars and a annoying bolt system. The rest I can look past as it is early access. Crossing my fingers and hoping this game gets finished. No players whatsoever](#)
